

# Gene and Shannon

## Introduction

Welcome to your astrology compatibility report.

This report is based on the astrology technique of Synastry, which compares the horoscopes of two people and interprets the correlations between them.

The first part of the report analyzes the mix of Qualities and Elements between you to give a general indication of your modes of behavior.

The second part looks at the placements of each other's planets in one another's natal houses. This indicates how you influence each other in the areas of life represented by the houses occupied by one another's planets.

The third part interprets the inter-aspects between your two charts. This shows how you relate to each other. Some of these interpretations are positive and easy and others are challenging.

Your Synastry report reveals your areas of harmony and compatibility as well as your areas of tension and conflict. Hold in mind that human relationships are complex and contradictions can occur in the interpretation.

## Qualities and Elements

### **Gene's strongest Quality is Cardinal and Shannon's strongest Quality is Mutable**

A relationship between Cardinal and Mutable personalities is generally good as you both enjoy change and variety. Gene has a pioneering spirit and likes to initiate new things and Shannon is very adaptable. Problems can arise between you, though, if Shannon is negligent and unmotivated or if Gene tries to dominate or order her around.

### **Gene's strongest Element is Earth and Shannon's strongest Element is Water**

Relationships between Earth and Water can be long-lasting and mutually satisfying. Gene appreciates Shannon's imagination and is fascinated by her depth of feeling. Similarly, Shannon acknowledges the security that he can provide. Problems can arise if Shannon despairs of Gene's apparent lack of spiritual awareness and Gene tires of her lack of practicality.

#### **Her Moon is in your 2nd House**

As you will find out Shannon has a flexible attitude towards money; some days it's important to her, other days it's not. Ultimately, you learn a great deal about material matters and possessions through her.
